

Nasser Zorub

COMPUTER SCIENTIST & DATA ANALYST

+966565444402 | Nasser.Zorub@hotmail.com | [LinkedIn](#) | [GitHub](#)

Summary

As a computer science enthusiast, I'm captivated by the worlds of data analysis, web development, and app development. Whether it's digging into data for insights, crafting seamless web experiences, or building innovative apps, I thrive on the creative challenges each brings. My journey in learning reflects this passion—I've eagerly taken on diverse courses to broaden my skill set and knowledge across these fields. Always hungry for innovation and open to embracing new challenges.

Experience

Personal Projects – [GitHub.com/Nas-Z](https://github.com/Nas-Z) – [GitHub](#)

- 1- **XMovie** - website for movies and TV shows (JS, CSS and HTML).
- 2- **JAWLAH** – application developed to help tourists in Saudi Arabia (JavaFX).
- 3- **SimplePainter** – application for drawing and painting (JavaFX).
- 4- **Teacher-Student** - a simple program for educational institutions to add teachers and students and assign them to each other (Java).

More Projects in GitHub.

Education

Google, Google Data Analytics Professional Certificate

2023

- 180 hours of content with Hands-on projects.

Umm Al-Qura University, Bachelor of Computer Science

Present

- GPA – 3.93 out of 4.
- Expected Graduation in 2025

Skills & abilities

- **SQL** – The ability to perform DDL & DML command and deal with data.
- **Java** – Experience with Java and its libraries and ready to create programs from scratch.
[JavaFx](#) – [Java Swing](#) – [Scene Builder](#)
- **C** – The ability to write programs using C programming language.
- **Excel** – Experience with Excel's functions & formulas and deal with data.
- **Python** – Proficient in Python programming language for various applications
- **JavaScript** - Experienced in JavaScript for front-end web development.
- **HTML & CSS** - Skilled in creating and styling web pages.
- **English** – Excellent ability to communicate in verbal and written English.
- **Teamwork** – The Understanding of a team structure and achieving the objectives.
- **Communication** – Ability to Simplify complex Insights & share them with colleagues.
